- Mandel Community Trail

- Gordon Park South
- Irishtown Bend
- Seneca Golf Course
- Primate Forest

Old Lorain Road Connector Trail

Project Location

19. There is an excellent opportunity for an attractive approach on a good grade following the line of the old road, but it is essential to protect the banks of the ravine through which this road descends, and the exact limits of the area to be protected, as well as the exact location of the permanent road and of supplementary streets necessary for the best development of the adjacent land, cannot be determined without additional topography. The approach is drawn arbitrarily 200 feet wide between building lines, but less than that in places might prove enough to accomplish the purpose.

1915-1916
