

Cleveland Metroparks Tournament COVID Policies

Tournament Operations

- Clubhouses are only open for restroom use.
- No prepared food, only bottled drinks and packaged snacks. All sales are through temporary windows.
- One Person Per Cart
- With limited power carts you must contact the golf course pro/manager to let them know if you need a cart or are walking. If you are reserving a cart we ask that you pay in advance to avoid an in-person transaction.
- Players are asked not come to the course too early and to depart the course directly at the end of the round as to avoid groups gathering.
- No caddies or spectators will be allowed on the course.
- No scoreboards. Scores will be posted on-line and prize payouts can be picked up that day or at a later time.
- Pro/Managers will reach out to each player/group with any other details.

Golf Course Operations

- Driving Ranges and Putting Greens are Closed
- Manakiki and Shawnee Hills has installed pool noodles in cups. All other courses have gone with inverted cups.
- Ball is deemed to be "holed out" when ball settles in cup.
- Flagsticks must remain in the hole.
- Bunker rakes and balls washers have been removed.
- Touch point areas in carts are being treated with a disinfectant or sanitizer after every round.
