

Sailing Programs at E. 55th Marina

5555 North Marginal Road Cleveland, OH 44114

Pull into E. 55th Marina. If no staff member is at the North (2nd) Gate on the left side of the drive, please pull into the parking area on your right and wait in your vehicle for a staff member to arrive at the gate. Once the staff arrives proceed to the gate in your vehicle and follow the lower map to the meeting area on the far West side of the marina. Class will meet in the grassy area near the parking lot. **Note: This program takes place behind a gated area, so an instructor will meet you to allow your vehicle through the entry gate about 20 minutes before the program's designated start time.** If you arrive before the instructor, park, and watch for the instructor at the gate. Please do not proceed through the gate before the instructor arrives to account for you. **If you do not make it to the gate before the program starts, the program may leave without you.**
