- Operations expenditures are about 4% more of budget used than SPPY, driven by:
 - Utilities (up \$500k, due to full season of EWBH, water-storm-sewer increases across the District, and Zoo usage increases primarily due to weather and water mains)
 - Resale inventory (\$180k, offset by revenue increases of \$200k YTD)
 - Training and conferences (\$180k, due to CAPRA including reviewer stay and timing – expected to level off by year end)
 - Program supplies (\$80k, \$50k of which are from restricted funds)

- Operations expenditures (other than utilities) are running higher than SPPY, due to:
 - Merchandise for resale, uninsured (w/in deductible) repairs from Manakiki's flood, one-time costs like repairing Big Met's fire alarm panel, irrigation pump and pump house
 - Food and spirits for resale
 - Fungicides (timing of purchase vs. last year, will even out as year goes on)

- Higher OpEx costs are due to supporting higher revenue at SH and Seneca, as well as timing of operational costs
- Seneca improved operating surplus overall almost breakeven

- Merwin's, EWBH, the Marinas, and EN Restaurant have increased revenues
- Merwin's, EN Restaurant have increased OpEx greater than increased revenues, increasing
 operating subsidy, due to timing of bulk orders of food/spirits for resale, utensils and small wares
 for the EN Rest catering operation opened this year
