

RAISE THE ROOF SPONSORSHIP OPPORTUNITIES | SATURDAY, OCTOBER 12

Become a Raise the Roof Sponsor!

Join us for the "Raise the Roof" celebration at Squire's Castle on October 12. This unforgettable evening of great food, music and entertainment will benefit one of Cleveland Metroparks most beloved destinations and an important new educational initiative.

Squire's Castle in North Chagrin Reservation

Squire's Castle was built in the 1890s as the gatekeeper's lodge for an estate planned by Cleveland oil pioneer Feargus B. Squire. The larger estate was never built, and Cleveland Metroparks acquired the property in 1925. Today, the historic castle is a destination for people of all ages, with wooded hiking trails and open greenspace for games and picnics. Cleveland Metroparks is dedicated to preserving and rehabilitating Squire's Castle so it may be enjoyed for generations to come. Work began in 2015, and remaining renovations include interior and exterior masonry restoration work and replacement of the gabled shingle roofs.

North Chagrin Nature Preschool

Cleveland Metroparks will create its second Nature Preschool in North Chagrin Reservation in 2020. This unique program combines early childhood and environmental curriculum to meet the educational and developmental needs of children while instilling a lifelong relationship with the natural world. The fully licensed North Chagrin Nature Preschool will serve children ages 3-5 and take place during the traditional academic year.

For over a century, Cleveland Metroparks has been protecting and preserving natural resources and connecting people of all ages and backgrounds with the wonders of nature. It is an invaluable community resource, offering over 300 miles of trails to hike, bike, ride or run, eight scenic golf courses, eight lakefront parks, five outdoor education facilities, and the world-renowned Cleveland Metroparks Zoo.

Raise the Roof Proceeds

Proceeds raised from Raise the Roof will support the remaining preservation work for Squire's Castle and help launch the planned North Chagrin Nature Preschool.
