

Enrichment Plan Questionnaire

Species: _____

Date: _____

Author: _____

Natural History

Species Habitat:

Terrestrial

Arboreal

Aquatic

Comments: _____

Terrain: _____

Cover : _____

Camouflage Options: _____

Temp Ranges: _____

Reaction to Temps: _____

Distance between social group members or neighboring conspecifics: _____

Main threats to animal in wild: _____

Anti-predator behaviors, (I.E. broken wing display, etc) _____

Other threats, (I.E. habitat destruction, poaching, etc) _____

Where seeks refuge: _____

Fear behaviors: _____

Sleeping or resting sites: _____

Physical Considerations:

Mode of locomotion through habitat: _____

Primary sensory modalities and their use. (communication, detection, mating, etc)

Visual _____

Audio _____

Olfactory _____

Tactile _____

Behavioral:

Activity pattern:

Nocturnal

Diurnal

Crepuscular

Cathemeral

Reasons for activity pattern: _____

Self Maintenance/Comfort Behaviors: (Grooming, Preening, Dust Baths, etc) _____

Territorial Behaviors: _____

Migratory Behaviors: _____

Nest Building or Birthing Behavior:

Nest Materials Used: _____

Young Rearing Behaviors: _____

Are young precocial or altricial?

How are young fed? _____

Social Structure: (Solitary, Harem, Dyads, Leks, Colonial, Polyandry, etc.) _____

Avg. Group Size: _____

Primary Social Behaviors:

Aggression: _____

Courtship: _____

Affiliative: _____

Play: _____

Causes of social structure change: _____

Dietary:

Animals Diet in the Wild: _____

Seasonal diet changes: _____

Age related dietary changes: _____

Diet procurement methods: _____

Tool use: _____

Food storage: _____

Other Considerations: _____
