Lakefront Opportunities and National Fish and Wildlife Foundation Planning Grant for Cleveland Harbor Eastern Embayment (CHEERS)

- Study lakefront from eastern edge of Burke Lakefront Airport to Cleveland Lakefront Nature Preserve
- Study long-term options for park expansion and improved circulation
- Work with partners to address bike, pedestrian and transit and improve equitable park access
- Study opportunities to provide wetland habitat and expand land area at E.72nd for increased water-based recreation and education
- Potential waterfront center site
- Expanded breakwall to allow sheltered bay for paddle sports and youth programs

Lake Erie

New Plaza

- Create new gathering space overlooking water
- Provide fire pit, seating and small water feature
- Link to restaurant area with path/boardwalk

Shoreline Improvements

- Pursue plantings along edge of water. Develop and plant submerged shelves to increase habitat
- Add kayak access

Improve Access

- Reduce drive pavement
- Add accessible path to waterfront platforms and connect to new plaza

Restroom

- Renovate; remove excess roof structure
- Consider rooftop viewing deck

Western Dock

- Activate with public programming in partnership with others

West Edge

- Create shoreline wetland at inlet
- Develop and manage prairie habitat

Cleveland Lakefront Bikeway

- Improve wayfinding
- Enhance safety at roadway crossings
- Link to west and downtown along North and South Marginal Roads

Waterfront Improvements

- Study ADA access and fishing opportunities
- Add shoreline wetlands to increase habitat and mitigate shoreline wave action
- Add boardwalk feature as part of wetland development
- Work with partners to pursue outside funding for multiple improvements

Overlook with Bike Parking and Swing

Restaurant, Concession and Patio

- Consider relocating concession
- Improve building entry and reorganize parking
- Enhance patio with plantings
- Consider elevated structure to provide views over breakwater to lake

I-90

- Along with community partners, explore recommendations for long-term safety, resilience, and alignment improvements

Former First Energy Site

- Work with partners to seek highest and best use of lakefront, including additional public park space
