OUTDOOR RECREATION

What is a custom program?

Cleveland Metroparks Outdoor Recreation offers outdoor adventure based programs that can be customized to fit your organization, scout group, or other special occasion.

How do I request a custom program?

1 Select Your Program:

First, determine the type of program(s) you would like to request. The following program menu will help you determine which type(s) of programs/activities would best fit your goals. All activities have a maximum number of participants; you may select multiple programs to increase maximum numbers. This will increase the cost of the program and decrease date availability due to higher staff requirements. Program prices are subject to change.

2 Submit a Program Request Form:

Custom programs are available throughout the year, but fill quickly. They must be submitted at least one month prior to the request date. Each entity may request 1 custom program Memorial Day - August, and up to 3 in the off-season. Be specific with number of participants, goals for program, and locations. When requesting a date, the broader your group's availability (ex: weekday evenings), the more it will increase program date opportunities.

Visit: clevelandmetroparks.com/requestorcustom

3 Complete the Registration Form:

Once your request has been submitted, the custom program coordinator will make contact to discuss details and potential program dates. Once a program has been established, a Custom Registration Form will be sent. Return a signed copy with a deposit to ensure your program is confirmed on the program calendar.

OUTDOOR RECREATION

How do I select a program?

Outdoor Recreation programs are broken into two categories: activity and type. First, you'll decide the *activity* (see list below). Next, the program *type* determines its scope including length of time, level of instruction, and cost. Then, you'll read through the program descriptions to find the program that best fits your group's goals.

1 Choose an Activity:

ACTIVITY:	JUMP TO PAGE:
Kayaking	3
Stand Up Paddleboarding	4
Rock Climbing	5
Mountain Biking	6
Backcountry	7
Outdoor Skills	8
Winter Activities	9
Adaptive Recreation	10

2 Choose a Program Type:

Try-It

Short and fun experiences designed to let you try an activity and see if you like it!

Learn-It

Dive deeper into the skills, knowledge and techniques for each outdoor recreation discipline.

Live-It

Enjoy larger experiences under the guidance of certified instructors, including local tours & certification courses.

3 Select a Specific Program:

Each program activity & type can have one or more available programs. Read through each bullet point and choose the best one for your group. Then, you'll complete the program request form: clevelandmetroparks.com/requestorcustom
