

# Cleveland Metroparks® SCAVENGER HUNT

## Brecksville Reservation BNC/yellow/white trail Virtual Scavenger Hunt

- Find a tree that has pointy leaf buds and smooth gray bark. What kind of tree is it?
- Take a photo from the perspective of a chipmunk.
- Did you know skunk cabbage is a wildflower that has been blooming since January? See if you can find it along the trail.
- Find a man-made animal home. What animal is it built for?
- Find two spring wildflowers. Can you identify them?
- What orange and black insect depends on areas like the prairie for survival? Find the spot that describes this.
- There are many flowering prairie plants that will bloom at different times of the year. Find the place overlooking the prairie that shows some of these wildflowers and take a photo of your favorite.
- Find something you saw today that best describes you or your family. Be creative!
