- T Trailhead

Bradley Woods Reservation: 828 acres

Management Center

- Connect to city sewer system
- Pave, stripe and sign service drive to allow use as an all purpose trail
- Link to neighborhood to north and Center Ridge Road and Crocker Road

Quarry Rock Loop Trail

- Promote this existing high quality trail
- Improve awareness of old growth trees and remnants of historic quarry

Main Entrance

- Add crosswalk and connect all purpose trail along Bradley Road to interior of reservation utilizing segments of existing trail; add boardwalk in wet areas and sharrows on parkway pavement
- Obtain street address for operations, transits, and emergency needs

Swamp Forest Area

- Continue resource management program

Codrington Shelterhouse

- Maintain unique shelter and upgrade amenities

Bunn's Lake

- Pave trail. Adjust benches and replace decks

Southeast Trail Connection

- Explore using old roadway locations to connect interior of park to adjacent neighborhood and Lorain Road
- Provide wayfinding at existing trailhead (next to North Olmsted Fire Station) to trail link

Overall Considerations

- Pursue additional opportunities to protect rare lake plain forest and associated hydrology
- Partner to improve trail connections to neighborhoods and regional links to Rocky River Reservation and Lorain Metroparks - refer to Cuyahoga Greenways Plan

Trail Link to Rocky River Reservation
